‘Scroll’ (pub. 18.03.18-15:17). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-syllabus-certain-topics-logic-21.

**Term:** Scroll

**Quote:** A pair of cuts, one within the other but not within any other cut that that other is not within, shall be called a scroll. The outer cut of the pair shall be called the *outloop*, the inner cut the *inloop*, of the scroll. The area of the inloop shall be termed the *inner close* of the scroll; the area of the outloop, *excluding the enclosure of the inloop* (and not merely its area), shall be termed the *outer close* of the scroll.
