Author: Hulswit, Menno
Title: Semeiotic and the Cement of the Universe: A Peircean Process Approach to Causation
Year: 2001
Journal: Transactions of the Charles S. Peirce Society
Volume: 37
Issue: 3
Pages: 339-363
Keywords: Causation, Final Causation, Efficient Causation
Abstract: Develops a critical analysis of the concept of causation by Charles S. Peirce. Evolution of the concept of cause; Necessary conditions for a theory of causation; View of Peirce of the nature of the causal relata; Opinion on the interrelationship of final causation, efficient causation and chance; Discussion on the relationship between Peircean processes and Peircean events.
