Type: Article in Journal
Author: Reynolds, Andrew
Title: The Incongruity of Peirce's Tychism
Year: 1997
Journal: Transactions of the Charles S. Peirce Society
Volume: 33
Issue: 3
Pages: 704-721
Keywords: Tychism, Chance
Abstract: Argues that the experiments performed by David Dearmont with computer simulations do not at all test the hypothesis of absolute chance made by philosopher Charles S. Peirce. Vagaries of tychism; Comparison between mathematical chance and absolute chance; Ways in which the notion of absolute chance could be explicated.
