Author: Stjernfelt, Frederik
Title: Blocking evil infinities: A note on a note on a Peircean strategy
Year: 2015
Journal: Sign Systems Studies
Volume: 43
Issue: 4
Pages: 518-522
Keywords: Nota Notae
Abstract: This brief note considers Peirce's strategy of terminating potentially evil infinities - concerning relations, continuous predicates, leading principles, habits - by appeal to the Nota Notae principle.
