Type: Manuscript

Author: Peirce, Charles Sanders

Title: Proof of the Fundamental Proposition of Arithmetic

Manuscript Id: MS [R] 47

Year: 1890 [c.]

Abstract / Robin Catalogue:

Description: A. MS., n.p., [1890?], pp. 1-4.

The proposition to be proved: "... that the order of sequence in which the things of any collection are counted makes no difference is [in] the result, provided there can be any order of counting in which the count can be completed. "

Keywords: Finite Collection

Language: English
