Term: Sign
Quote: A sign is plainly a species of medium of communication, and medium of communication is a species of medium, and a medium is a species of third. [—] A medium of communication is something, $A$, which being acted upon by something else, $N$, in its turn acts upon something, $I$, in a manner involving its determination by $N$, so that I shall thereby, through $A$ and only through $A$, be acted upon by $N$.
