'Assertion' (pub. 07.03.16-18:28). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-basis-pragmaticism-18.

Term:	Assertion
Quote:	To <i>assert</i> a proposition means to accept responsibility for it, so that if it turns out ill, or as Mr. Schiller says (by implication) <i>unsatisfactory</i> , in a certain way which we need not define, but which is called proving to be <i>false</i> , he who has asserted it regrets having done so.
