

'Equiparance' (pub. 14.08.17-09:22). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from <http://www.commens.org/dictionary/entry/quote-basis-pragmatism-31>.

Term: Equiparance

Quote: ...an *equiparance*; that is, the relation of *B* to *A* is essentially the same as that of *A* to *B*, so far as the duality of the pair is concerned. But no equiparance whatever, with the exception of the very few that are necessary, such as *identity, coexistence, etc.*, is a *logically simple relation*.
