'Representamen' (pub. 10.08.17-16:45). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-definitions-baldwins-dictionary-r-13.

## Term: Representamen

- **Quote:** A representamen, or sign, is anything (not necessarily real) which stands at once in a relation of correspondence to a second third, its object, and to another possible representamen, its *interpretant*, which it determines to correspondence with the same object. It thus involves the idea of a possible endless series.
