

'Normative Science' (pub. 08.03.16-19:07). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from <http://www.commens.org/dictionary/entry/quote-fragments-r-5>.

Term: Normative Science

Quote: A normative science may be defined as the theory of the facultative conditions under which a desirable result may be brought about. It necessarily has practical applications; but it is not necessarily studied mainly with reference to these, or with a view to the economies of the problem.
