'Second Intention' (pub. 26.03.16-13:12). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-intention-0.

Term: Second Intention

Quote: Second intentions are those which are formed by observing and comparing first

intentions. Thus the concept "class" is formed by observing and comparing class-concepts and other objects. The special class-concept, *ens*, or what is, in the sense of including figments as well as realities, can only have originated in that way. Of relative second intentions, four are prominent-*identity*, *otherness*,

co-existence, and incompossibility.
