'Definite' (pub. 20.08.17-11:58). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-issues-pragmaticism-23.

Term: Quote:	Definite In those respects in which a sign is not vague, it is said to be <i>definite</i> , and also with a slightly different mode of application, to be <i>precise</i> , a meaning probably due to <i>praecisus</i> having been applied to curt denials and refusals.
