Term: Pragmaticism
Quote: No doubt, Pragmaticism makes thought ultimately apply to action exclusively -
to conceived action. But between admitting that and either saying that it makes
thought, in the sense of the purport of symbols, to consist in acts, or saying
that the true ultimate purpose of thinking is action, there is much the same
difference as there is between saying that the artist-painter's living art is
applied to dabbing paint upon canvas, and saying that that art-life consists in
dabbing paint, or that its ultimate aim is dabbing paint. Pragmaticism makes
thinking to consist in the living inferential metaboly of symbols whose purport
lies in conditional general resolutions to act.
