'Synechism' (pub. 09.03.13-09:28). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-law-mind-2.

**Term:** Synechism

**Quote:** ... The tendency to regard continuity, in the sense in which I shall define it, as an idea of prime importance in philosophy may conveniently be termed synechism. [—] I attempted, a good many years ago, to develop this doctrine in the *Journal of Speculative Philosophy* (Vol. II); but I am able now to improve upon that exposition, in which I was a little blinded by nominalistic prepossessions.
