'Replica' (pub. 22.09.14-18:27). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-lecture-i-r-0.

Term: Quote:	Replica A symbol is employed over and over again, and we call all the occurrences of it occurrences of the same <i>symbol</i> . That is to say, it is the general type that makes the symbol, or its being made according to certain general precepts. A word is, therefore, wanted for the single embodiment of the symbol. I will call it a <i>replica</i> .
