

'Graph-replica' (pub. 24.09.14-10:44). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from <http://www.commens.org/dictionary/entry/quote-lecture-ii-r-0>.

Term: Graph-replica

Quote: ...when I speak of a *graph*, I mean the general type of whatever means the same thing and expresses that meaning in the same way, so far as the conventions of this system take cognizance of the ways; while that which is scribed once and only once and embodies the graph, I call a *graph-replica*.
