**Term:** Replica

**Quote:** As we use the term 'word' in most cases, saying that 'the' is one 'word' and 'an' is a second 'word,' a 'word' is a legisign. But when we say of a page in a book, that it has 250 'words' upon it, of which twenty are 'the's, the 'word' is a sinsign. A sinsign so embodying a legisign, I term a 'replica' of the legisign.
