Term: Dynamical Interpretant

Quote: Now we can regard the Interpretant in 3 ways, or rather there are 3 distinct things which may properly be regarded as the Interpretant. For any thing that the sign, *as such*, effects may be considered as the Interpretant. And this may be 1st something merely subjective, the vague determination of the consciousness effected by the sign, 2nd the *actual event* that some signs by virtue of really acting as such bring about. For instance, let the sign be a military word or command. Then the instant action of the whole rank of men will be the Dynamical Interpretant, as I call it.
