'Dynamical Interpretant' (pub. 02.03.16-18:35). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from http://www.commens.org/dictionary/entry/quote-letters-paul-carus-13.

Term: Dynamical Interpretant

Quote: Now we can regard the Interpretant in 3 ways, or rather there are 3 distinct

things which may properly be regarded as the Interpretant. For any thing that the sign, as such, effects may be considered as the Interpretant. And this may be $1^{\rm st}$ something merely subjective, the vague determination of the consciousness effected by the sign, $2^{\rm nd}$ the actual event that some signs by virtue of really acting as such bring about. For instance, let the sign be a military word or command. Then the instant action of the whole rank of men

will be the Dynamical Interpretant, as I call it.
