

'Induction' (pub. 26.08.15-23:26). Quote in M. Bergman & S. Paavola (Eds.), *The Commens Dictionary: Peirce's Terms in His Own Words. New Edition*. Retrieved from <http://www.commens.org/dictionary/entry/quote-logic-fragments-r-1>.

Term: Induction

Quote: There are three stages of inquiry, demanding as many different kinds of reasoning governed by different principles. They are,

1, *Retroduction*, forming an explanatory hypothesis[;]

2, *Deduction*, tracing out the consequences that would ensue upon the truth or falsity of that hypothesis; and

3, *Induction*, the experimental testing of the hypothesis by inquiring whether its consequences are born out by fact, or not.
