**Term:** Methodeutic

**Quote:** Semeiotics has three parts: Speculative Grammar, which studies the essential nature of the different kinds of signs; Critic, which studies the general conditions of their relations to their objects; and Methodeutic, which studies the general conditions of their fulfilling their purposes. In this third part, to which Pragmatism belongs, I allow some use of facts of history and also facts of mind some of which are in a measure discoveries of psychology.
