# Term: Induction

**Quote:** Hence the formulæ are

\[
\text{Induction} \quad S', S'', S''', \text{ &c. are taken at random as } M\text{'s,} \nonumber \\
S', S'', S''', \text{ &c. are } P; \nonumber \\
\therefore \text{ Any } M \text{ is probably } P. \nonumber
\]

**References:** W 2:46; CP 2.511

**Date of Quote:** 1867
