
**Term:** Maxim of Pragmatism

**Quote:** Consider what effects that *might conceivably* have practical bearings, - especially in modifying habits or as implying capacities, - you conceive the object of your conception to have. Then your (interpretational) conception of those effects is the whole (meaning of) your conception of the object.

**Source:** Peirce, C. S. (1907 [c.]). *Prag [R]*. MS [R] 322.

**References:** MS [R] 322:11-12

**Date of Quote:** 1907 [c.]

**Editorial Annotations:** According to Peirce, the words between the dashes and in the parentheses are additions meant to clarify the original maxim.
