Term: Spot

**Quote:** The expression of a rheme in the system of existential graphs, as simple, that is

without any expression, according to these conventions, of the analysis of its signification, and such as to occupy a superficial portion of the sheet or of any area shall be termed a *spot*. The word "spot" is to be used in the sense of a *replica*; and when it is desired to speak of the symbol of which it is the replica,

this shall be termed a spot-graph.
